Subject: Midcoast map and timelines

Hi David and Ryan - thanks for the call today. You guys are doing a lot of groundbreaking work.

As you've probably heard, Helen's going to be the technical lead for sediment and temperature, but I'm hopping on as the overall coordinator on the Mid-Coast TMDL to give her time to focus on the technical work. I'm tracking overall TMDL work, policy, timelines, etc, along with CZARA and contract overlaps.

Can you send me the maps and draft timeline on the Mid-Coast and anything else you think is relevant?
Thanks. FYI -
